

VERSION 3

**Create the #OTWarriors community! Join the CyberTek Tech Festival - the only OT/ICS conference of its kind in Poland**

3 days of lectures, hands-on workshops and unique side events. Hundreds of cyber security professionals, industry leaders and OT/ICS enthusiasts - from all over the world. This is the third edition of the CyberTek Tech Festival, which will already take place on 14-16 May 2024 at the Silesian Museum in Katowice.

CyberTek'24 is all about:

- The fusion of the IT and OT worlds.
- The cyber security ecosystem, i.e. the presentation of collaborative building ideas for the cybersecurity industry.
- A synergy of substantive and practical approaches.

The aim of the conference is to create a strong community of #OTWarriors, i.e. professionals in the field of industrial network cybersecurity. During CyberTek'24, we will share knowledge and experience, confront views, interpret contemporary challenges and threats, present trends and find solutions.

**CALL FOR PAPERS:**

Would you like to share your knowledge by presenting in front of a group of specialists in your industry? Become a speaker. Send your application by 30 March 2024. - [www.cybertek.com.pl/cfp](http://www.cybertek.com.pl/cfp).

**TICKETS:**

Buy a ticket for CyberTek'24 until 15 March 2024 at a lower price! In this round of tickets, you benefit doubly - buy your entry at a cheaper price and secure your accommodation at a convenient distance and price, together with your festival ticket - <https://tiny.pl/c8hv4>.

**CONFERENCE DETAILS:**

Visit the official CyberTek Tech Festival website for details of our event. The site is updated on a regular basis so that you always have access to the latest information.
